

NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

With the passing of Labor Day, we are now ready for football and fortunately football is just about ready, too. The Pipers made a good showing the other night at Post against a strong class 3-AAA team from Andrews and will host Aspermont here Friday night in their final scrimmage before they get the season started Sept. 13.

The local boys are expected to have their hands full Friday night when they scrimmage Aspermont as the Hornets are rated high in Class A and are picked to win their district.

The Pied Piper Booster Club will host an Ice Cream Supper preceding the practice session as part of their annual membership drive. We hope that there is a good turnout for both the supper and the scrimmage.

We would especially like to see a good sign-up of members in the Booster Club, and more important, a good attendance at the regular Monday night meetings. The first of these will be held next Monday night at 8 in the new high school cafeteria.

We would like to join many others in Hamlin and express our appreciation to Mr. Harold Williams who is foregoing his retirement in order that our local youth will not be without a science teacher in high school. Mr. Williams has tried to retire for the past two years, but since the trustees have not been able to find a replacement, he has agreed each year to stay on until one can be found.

It is dedicated people like this that keep our schools operating across the land. We read somewhere that whenever teaching degenerates into a money-making profession, the cause of education will be lost and there may be a great deal of truth in this.

Thank you, Mr. Williams, and we hope that you enjoy your well earned retirement when that day finally comes.

When we wrote this column last week we had no idea that things in Chicago were going to get as bad as they did, but we were not too surprised either. One can only wonder how bad things would have gotten if those who gave Mayor Daley such a hard time had been in charge. We can only say that we were in complete agreement with every thing that he and his police force did to insure the safety of those attending the convention.

As for the television coverage of both the convention itself and the downtown trouble we believe that TV had better go back into competition with the entertainment world and leave the news coverage to someone else.

TV, like newspapers, has its right to opinion but should confine this opinion to stated editorials and present the news with more fairness. As in the case of the Chicago police clearing the streets with the use of clubs, one would think from the reports on TV that this was all unprovoked and that the police were mistreating a bunch of innocent kids, while the facts seem to show that the police were more than provoked.

But I guess what bothered me more than this was the way that the TV reporters on the floor of the convention acted. If they did not get the answer that they wanted to hear, they seemed bent on making the person interviewed appear ridiculous. It still seems amazing to me that none of them got hit while on camera, and this is to the credit of the delegates and not of the reporters.

RECEIVES RECOGNITION -- Perry Sparks, right, received recognition for devotion to duty in the U. S. Postal Service, upon his retirement as Postmaster here August 31. Postal Inspector Ray Oldham for the Abilene District, hands the certificate from W. Marvin Watson, Postmaster General, to Sparks.

Perry Sparks Retires As Postmaster Here

Perry H. Sparks, local Postmaster since Nov. 16, 1942, retired from the postal service Saturday, Ray Oldham, postal inspector for the Abilene District, was here to conduct the transfer of accountability of the local office.

Sparks will be succeeded by W. L. Hunter Jr. who was appointed acting postmaster by Congressman Omar Burleson July 25. Assuming responsibility of the office Saturday was assistant postmaster Bobby Crowley. This duty will be his until the formalities of transfer to Hunter are made.

Sparks, a resident of Hamlin since Feb. 1, 1920, came to Jones County in 1901 with his parents. His father, B. E. Sparks was active in civic activities while the family resided in Stamford.

He served a year and nine months in the Navy during WW I.

In 1922, Sparks and his father opened a drugstore in Hamlin. Then later that year and until 1927, Sparks was manager of West Texas Utilities Company at Matador. He resigned that position and moved back to Hamlin to open a grocery store and filling station on South Central with his brother, Leslie S. Sparks.

Late in 1931 this partnership was dissolved and Sparks opened a wholesale parts business. During WW II when competent help and parts were hard to get, he phased out this business and was appointed Postmaster succeeding Harold Bonner, who transferred to a rural route.

Sparks has served six years

as registrar for Selective Service in Hamlin.

His plans for retirement at this time are just relaxing. He did have a metal workshop at one time with plans for a small repairing shop after retirement, but a heart condition slowed his activity and this equipment was sold. Travel, too, is curtailed as his doctor's instructions are to travel only 100 miles per day and then rest a day.

He and his wife wanted to go to a nephew's graduation but when they charted the trip to Alabama, they discovered that it would take 18 days, using the doctor's plan, to make the trip -- one way.

Mrs. Sparks is the former Freida Chastain, daughter of the late Claude P. Chastain, an attorney when Hamlin became a townsite. She is a member of First United Methodist Church.

Good Early Maize Harvest Nearing End

The area's early maize harvest is nearing an end, according to Robert Fowler of Moore Elevator. He reported that the yields have been running good -- from 2500 to 3000 pounds.

The maize is bringing \$1.55 here, which is from five to ten cents above the world price.

A bumper crop of late maize is expected with most of the area's crop receiving good rains in the latter part of August. The harvest of the crop is expected to peak in October.

While the yields have been running high, Fowler said the total production would probably be down from 10 to 20 percent from last year because of reduced acreage. Much of the maize allotment was converted to wheat this year.

Mrs. Lillie Young, Lifetime Area Resident, Dies Here Monday

Miss Lillie Pauline Young, a lifetime resident of this area, died at 5:10 p.m. Monday in Hamlin Memorial Hospital after a lengthy illness.

She was a sister of Mrs. Tarlton Willingham. Shortly after her death, the family received word that Mr. Willingham's sister, Mrs. O. F. Corley, had died at the same time, 5:10 p.m., at Methodist Hospital in Lubbock. She too had been ill for some time.

Miss Young, daughter of the late Mr. and Mrs. J. A.

Young, was born in Fisher County. She was a member of the Church of the Nazarene.

Services were held Wednesday at 3 p.m. in First United Methodist Church with the pastor, Rev. Cecil Hardaway; Methodist evangelist, Rev. Edmund W. Robb of Abilene; and the Nazarene Church pastor, Rev. Marshall Stewart, officiating.

Burial was in Swedonia Cemetery. Pallbearers were Gerald Young, Donald Young, Richard Young, Arnold Johnson, Jack Willingham and Col. Harold S. Johnson.

Services for Mrs. Corley were held in her home town of Wolfthorpe, nine miles west of Lubbock, Wednesday. The Willinghams were unable to attend services. Mr. Willingham was just released from Hendrick Memorial Hospital Monday evening after receiving medical treatment for about a week.

Final Plans Made for Sept. 21 Homecoming

Mrs. R. L. Goodgame Jr. is asking that all pictures to be used for downtown decorations be turned in to her by the end of the week in order that the decorations may be put in place next week prior to the Homecoming here Sept. 21. Anyone having pictures to be displayed should call her.

The pictures of the deceased teachers and students will again be displayed in the window of The Hamlin Herald. These should be taken to the

Herald no later than Monday, Sept. 16.

Another request goes out from Mrs. Steve Reynolds as she makes plans for the "Little Pipers" to march in the downtown parade. This group includes the younger boys and girls.

Introduction of Teachers Planned For P-TA Meeting

The Hamlin Parent-Teachers Association will have the first meeting tonight, at 7:30, in the primary cafeteria. Teachers will be introduced and a get-acquainted time during the social hour will provide opportunity for parents to visit with the teachers.

A musical program will feature Jane Ferguson and Jan Albritton, both Hamlin High School graduates.

Mrs. Robert Wilson, year-book chairman, will outline the year's study and introduce the theme, "Changing Families in Our World."

Mrs. Bill Davis, president, will preside.

She says the material is available at Heidenheimer's and she may be contacted for information concerning the pattern.

The parade will be held at 4 p.m. Sept. 21. O. H. Weaver Jr. sent letters to all businesses asking their participation in the parade. School organizations will also take part.

Mrs. Joe E. Ford, chairman of the Ex-student Homecoming Queen nominees, has set 6 p.m. Friday, Sept. 20 as rehearsal time at the football field.

A bonfire will be held at 8 p.m. Friday evening near the stadium. A coffee in the new high school cafeteria which will be from 7 to 9 p.m. that same evening.

The coffee following the Saturday evening football game will be organized by Mrs. Edgar Lewis. It will be held at the high school patio.

Other activities for the Saturday Homecoming include the business meeting at 10 a.m., a light luncheon at noon and a dinner that evening catered by Mack Eplen's of Abilene.

Pipers to Scrimmage Aspermont Friday

The Pipers will host the Aspermont Hornets here Friday evening at 8 in the final practice scrimmage before the regular season starts next week. The scrimmage will be preceded by an Ice Cream Supper sponsored by the Booster Club.

The supper will start at 7:30 and is part of the annual Booster Club membership drive.

A soap drive will also be held as part of the scrimmage as a barrel will be placed at the gate for those desiring to donate a bar of soap for the use of the football players during the season.

Coach Joe Youngblood reported Tuesday that most of the boys came out of the scrimmage last week with Andrews with only minor aches and pains. He is expecting all of them to be ready for Aspermont.

He said Tuesday that he and his staff were well pleased with the way the boys looked against Andrews. He also felt that they would have their hands full with Aspermont as they are rated high in the state rankings and are picked to win their district race.

Both the varsity and the junior varsity, as the B team will be known this year, will scrimmage Friday.

The varsity will run 20 of-

fensive and 20 defensive plays and then the junior varsity will run a like number to be followed by the varsity again.

This will be the first scrimmage for the junior varsity.

Booster Club To Host Ice Cream Supper

The Pied Piper Booster Club will hold its annual membership drive Friday night at the Hamlin-Aspermont scrimmage and will host an Ice Cream Supper preceding the practice session. The club's first meeting will be held Monday night at the new high school cafeteria at 8 p.m.

Ice cream for the supper has been donated by Borden's Gandy and Foremost milk companies and their local distributors.

Officers for the coming year will be elected at the meeting Monday night, according to out-going president, Bob Craig. Scrimmage films will be shown by the coaches and a preview of the team will be given as well as a look at what the team will be facing in their game with Rotan Sept. 13.

OAK GROVE DEDICATION -- The sanctuary of Oak Grove Baptist Church was filled for services Sunday afternoon for the dedication of the new Fellowship Hall. The new addition just north of the brick church, was moved to the church property and remodeled, and the men of the church constructed another structure (not shown) to join the two buildings. DR. IKE H. HARRISON
... visits here

**Rotary District
Governor to Speak
Here Wednesday**

Rotarians will welcome on Tuesday, the governor of this Rotary district, Dr. Ike H. Harrison of Fort Worth. He will address the Rotary Club of Hamlin, one of 41 in his district, and will confer with Max L. Brown, president of the local Rotary club, and with other club officials to obtain information on the group's plans for its service activities and to offer suggestions on Rotary administrative matters.

Dr. Harrison is one of 288 Rotary governors in all parts of the world who are serving as representatives of Rotary International in districts composed of member clubs. Each district leader is responsible for supervising the clubs in his area. Rotary, an international men's service organization, has more than 633,000 members in some 13,319 clubs in 143 countries.

A member and past president of the Rotary Club of Fort Worth, Dr. Harrison is dean of the M. J. Necey School of Business of Texas Christian University. He was elected to office at the Rotary convention in Mexico City in May, 1968, and will serve until June 30, 1969.

Up the Down Escalator

Up the DOWN escalator went two small boys, on the loose in a department store. As they scrambled upward, they bumped into a woman shopper, causing her to suffer a bad fall.

In due course she filed a damage suit against the store, charging a failure to maintain order on the premises.

"But none of our employees noticed what those youngsters were doing," protested the company in court. "Surely we are not required to keep our escalators under constant surveillance."

The court agreed, and the woman's claim was turned down.

Authorities differ as to whether an escalator should be classified as a "common carrier"—like a train or a bus. However, they all agree that the management is not an absolute guarantor of a passenger's safety. Some risk is inherent in the very nature of this means of transportation. Take this case:

A woman approached an escalator, leading her small son by the hand. But just as she moved onto the first step, the boy stopped short in fright. When the woman reached back for him, she lost her balance and fell.

But again, after a court hearing, the judge could find no grounds for pinning responsibility on the management. He said the cause of the accident was simply "the effect the escalator has upon a person who steps upon it without putting his body in corresponding motion."

Nonetheless, a store is indeed obliged to prevent an accident when it reasonably can—either by adequate supervision or by proper upkeep of the equipment. Thus:

A man who fell because an escalator gave a sudden, violent jerk won a damage award. So did a woman who slipped on a gob of grease, which had remained on an escalator step long enough for store employees to have noticed and removed it.

On the other hand, even if the management does see danger, there may be no practical way to avoid it.

In one case the hostess in a hotel spied a drunk weaving his way toward the escalator. Though she tried to restrain him, he pushed her aside, stepped aboard, and toppled backward to the floor.

Afterward, the man complained that the hostess "should have stopped me by force." But a court decided that was too much to expect—especially since he weighed twice as much as she did. All in all, the court concluded, the man had no one to blame but himself.

MRS. LOUIS DONALD JOYCE
... formerly Barbara Ann Johnson

Former Resident Weds In Ft. Worth Saturday

FORT WORTH — Barbara Ann Johnson, daughter of Mr. and Mrs. Thomas S. Johnson of Fort Worth, former Hamlin residents, and Louis Donald Joyce were married Saturday at 8 p.m. in Travis Avenue Baptist Church in Fort Worth. Dr. James E. Coggin, pastor read the vows.

The bridegroom's parents are Mr. and Mrs. Louis W. Joyce, also of Fort Worth. Mrs. George A. Joyce was matron of honor. Other attendants were Judy Karen Johnson, sister of the bride and Sandra Miller.

Cheryl Ann Barnard was flower girl and Thomas Joel Johnson, brother of the bride, was ring bearer.

Best man was the bridegroom's brother, George A. Joyce. Raymond Bell, Dennis Jones, Richard Burnett and Waldo Strein were ushers.

The bride's gown of lace over taffeta was fitted to the

waist with full lace skirt and wrist length sleeves. The skirt front was tiered with sides draped to the bow in the back from which fell the chapel train.

A reception was held in the church dining room. After a trip to Colorado, the couple will live at 4104 College in Fort Worth.

The bride is the granddaughter of Mr. and Mrs. C. W. Johnson and the great granddaughter of Mrs. J. D. Dutton. The bride's parents are graduates of Hamlin High School.

Women In Concern Re-sets Meeting

The discussion group, Women-In-Concern, will not be Tuesday as originally announced, but will be held Sept. 17 in the home of Mrs. Louberta Maxwell, 538 N. E. Ave. F.

All women of Hamlin are invited to attend the discussion group which meets on the average of every two weeks. The informal gathering is designed to give women a chance to discuss objectively problems of prejudice and discrimination.

Attending Student Week at the Baptist Camp at Glorieta, N. Mex., were Glenda Hudspeth, Johnnie Harbert and Mary Lois Patterson.

The first two weeks of school have proved to be a new experience for everyone. Learning where all the classes were was a difficult task for Seniors as well as Freshmen.

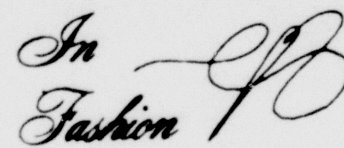

The staff for the 69 year-book was selected last Wednesday. Those chosen were Sharon Townley, editor; Gary Carson, assistant editor; Pat Perrin, business manager; Marcia Steele, assistant business manager; Sandra Payne, layout editor; Jo Lynn Johnson, David Riddell, and Tara Colley, assistant layout editors; Mary Wallace, copy editor; Peggy Jones, Latrese Williams, and Janice Middleton, assistant copy editors; Tim Jones, photographer; Bill Johnson, Thomas Goolsby, and Mark Madden, assistant photographers; Mike Young, sports editor; and Joey Duncan, typist.

Meeting the weekly deadlines of preparing and publishing the school newspaper requires much time and patience. After much thought and consideration the From Behind the Green Door staff was chosen. They are Cindy Bryant, editor; Patty Cowan, assistant editor; Mike Brown, sports editor; Debbie Hardaway, assistant sports editor; Elma Ree Mayes, class editor; Martha Robertson, layout

editor; Jan Young and Tony Lewis, assistant layout editors; Cheryl Walton, copy editor; Jana Ferguson, assistant copy editor; Marilyn Fudge, business manager; and Dianna Crowley, assistant business manager.

The Pipers made an outstanding showing against Andrews in a scrimmage last Friday night at Post. The Pipers will engage in another scrimmage against the Aspermont Hornets here this Friday. The scrimmage is scheduled for 8 p.m. Everyone is looking forward to a great football season, and we are sure our Pipers will prove to be GREAT IN 68!

Sales for the 69 Piper Year-book began Tuesday. The price is \$5.00 per annual. An additional 75c will be charged to have your name engraved on your annual.

Heavyweight coats are necessary for those who live in cold climates but there is very little use for them in some of the warmer states. In fact, soft tweed coats are ideal for these climates throughout the year. The long coat with harmonizing skirt and over blouse seems to be one of the favorite costumes for fall. The coat may be a few inches above the skirt hem or the same length as the skirt.

Recipe of the Week

By Sarah Anne Shendan

Chocolate has a universal appeal to appetites young and old. The recipe that follows can be prepared several hours before serving.

Chocolate Cream Pudding
1 1/2 c mild scalded milk
2 T cocoa
1/4 t salt
4 T sugar
1 1/2 T cornstarch
1 egg well beaten
1/4 c cold milk
1-8 t almond flavoring
1/2 t vanilla extract
1/2 c cream whipped

Combine cocoa, 2 tablespoons sugar and cornstarch. Mix smooth with 1/4 cup cold milk.

Add to scalded milk, stirring constantly. Cook over boiling water, stirring, until smooth and thickened. Combine beaten egg and 2 tablespoons sugar; slowly add cocoa mixture. Return to double boiler and cook, stirring all the time—about 3 minutes. Cool. Add flavorings, then half of whipped cream. Turn into serving dishes. Top with remaining cream. Chill until serving time.

HEALTH AND BEAUTY

Certain experiments in the field of nutrition lead us to believe that there is an important connection between nutrition and mental health.

Improper diet can cause a lack of the necessary nutrients to supply the tissues with needed nourishment. This in turn will cause the tissues to be unable to use the nutrients they do receive to best advantage. Thus a dangerous chain reaction is brought about.

General poor body health is thus brought about, and this in itself is almost always a factor in mental illness.

Experiments with glutamic acid and glutamine indicate that nutrients may play some part in the ailment of epilepsy. If this is true, it would seem possible that countless other defects

Area Residents Invited to Attend H-SU Artist Series

Hamlin area residents, including school age youngsters are invited to attend the 1968-69 Hardin-Simmons University Artist Series which will feature six crowd-pleasing performances. The programs will range from the beautiful Mary Costa, who has scored triumphs at the Metropolitan and San Francisco Operas to the talented Clebanoff Strings and Orchestra.

The series will also be highlighted by the return of Roger Williams, popular pianist, probably best known for his famous recordings of "Autumn Leaves" and "The Little Angels of Korea." 28 charming Korean youngsters ranging from six to 14, who will present a dance and song pageant.

Here is the schedule: Oct. 15, Mary Costa; Dec. 9, The Little Angels; Feb. 13, Roger Williams; March 14, Clebanoff Strings; April 11, Houston Symphony; May 6, Glen Yarbrough.

"I think we will have a most exciting and entertaining series," said Dr. Bill Beazley, Artist Series coordinator.

Tickets for the H-SU Artist Series may be obtained by writing Dr. W. O. Beazley's office, Hardin-Simmons University, Abilene, Texas 79601, or at Brown's Downtown, N. 4th and Walnut, Abilene.

LOUISA'S LETTER

Dear Louisa,

I am a secretary and I have been working for this man for five years. He says that his wife doesn't understand him and he has lunch with different girls in the office. He has never asked me to dine with him but he has talked to me about his wife in the office. If he should ask me out to lunch should I accept? He hasn't asked any particular girl but he asks different ones. I have been brought up to think that a man should stick to his wife and not date other women so I don't know what I should do if he asks me to have lunch. What do you think about this?

Steno-Va.

Answer:
Evidently your employer lives too far away from his home to conveniently go there for lunch. He probably loves his wife very

much but likes to appear the misunderstood husband to young women. While there would be no real harm in having lunch with your employer occasionally and as long as it doesn't become a habit I think that you would be happier not to accept. You could always have someone else you had promised.

However, it seems to me that if you have been on the job for five years and have not been asked out to lunch during this time, such an invitation is unlikely to be made.

Louisa.

Dedication Services for Oak Grove Church Well Attended

The Oak Grove Baptist Church was filled Sunday afternoon as guests, former members and friends assembled for the dedication service for the new addition to the building.

The pastor, Rev. B. C. Freeman, in expressing gratitude for the accomplishment, expressed thanks to the merchants who supported the program, the members who were so loyal, the men of the church who did the work, and everyone in Hamlin who helped to make the new addition to the building a reality.

Music for the program was presented by the Oak Grove choir, accompanied and directed by Rev. Freeman. Soloists were Mary Cork and Ethyl Hall.

Representing the First Baptist Church were Janet Carson, soloist, and Margaret Cooper, pianist, who presented two numbers.

Rev. Max L. Brown, pastor of the First Baptist Church, gave the message on "Dedication Day — what kind should it be?" He cited the Israelites as they went to the new temple built by Solomon, as an illustration that "This should be a day of great joy."

Secondly, he said, the day should be a day of unity. As the church has joined together to provide the building, so should you join together to use it.

Next, he continued, "This should be a day of consecration. Except the Lord build the house, they labor in vain."

In closing, Rev. Brown said, "Bless you as you serve Him this day and in the future."

Others taking part in the service were Rev. Sena, pastor of the Mexican Mission, and Rev. Marshall Stewart, pastor of the Church of the Nazarene.

A reception followed in the Fellowship Hall.

The Oak Grove membership

AT OAK GROVE RECEPTION -- Following dedication services Sunday afternoon, members and guests were served refreshments in the new Fellowship Hall.

LEADERS OF BUILDING PROGRAM -- Oak Grove members who led the congregation in a successful building program were, left to right, Mrs. Louberta Maxwell, Mrs. B. C. Freeman, Annie Nell Lee, Rev. B. C. Freeman, the pastor, and Mrs. I. J. Starr.

is 105. Of this number, there are only 12 men, including the pastor, Rev. Freeman, who commutes from Albany for the Sunday and midweek services.

The fund for the project just completed was begun with a tea in the home of Mrs. Louberta Maxwell last October. With contributions by members added to the amount received from the tea, the membership was able to pay cash for the building used as a reading center by the school.

With the special offering and proceeds from the souvenir program prepared for the event, the church has now reached the half-way mark in paying for the remainder of the expense. About \$1,000 will be needed to retire the present debt.

The building moved onto the church property was made into a Fellowship Hall, kitchen,

two bathrooms and a ladies lounge. Joining this to the main church building is another building which includes a hall way, the finance room and the pastor's study. All of this work was done by the men of the church with the exception of the wiring, plumbing and cabinet top which was contracted.

SHINED AND READY

"And your feet shod with the preparation of the gospel of peace." Ephesians 6:15.

These shoes fairly shine and sparkle and are ready to take their owner proudly any place. Society dictates that we should be well turned out and that our feet be shod with well-groomed footwear. The Bible tells us that we should be clad in the whole armour of God, and that our feet should be shod with the preparation of the gospel of peace. The gospel is this: "There is therefore now no condemnation to them which are in Christ Jesus, who walk not after the flesh, but after the Spirit." Romans 8:1

St. Peter advises, "Be ready always to give an answer to every man that asketh you a reason of the hope that is in you with meekness and fear."

Come to church this week that you might learn of Him and that you might be prepared to give this good news of the gospel to others.

"Whatsoever Things"

By DONALD E. WILDMON

MINISTER
LEE ALLEN UNITED METHODIST CHURCH
TUPELO, MISSISSIPPI

Everybody is in a hurry today. We are in such a hurry that we don't have time to do some of the things we should do. This is the period of the instant breakfast, the condensed book, the mini-vacation and the speeding jet. And, as could be expected, we have brought this speed into the area of success. We think we should become the world's greatest overnight. We are of the opinion that we "have arrived" when we spend a few months at the task.

Unfortunately, (maybe fortunately), success cannot be "instantized" like other things. Success is something that comes with time. And often

it is a long time coming, too. But for those due it somehow it finally gets around to giving them their due reward. Look at some of the cases where success came only after time.

Louisa May Alcott, author of the book *Little Women* (among others), had her manuscript returned by the publishers of the magazine *Atlantic Monthly* and told that she had better stick to teaching. One of the leading magazines of the day ridiculed Tennyson's first poems, and consigned the young poet to temporary oblivion. Only one of Ralph Waldo Emerson's books had a remunerative sale. Henry Ward Beecher sent half a dozen articles to the publisher of a religious paper to pay for his subscription, but they were respectfully declined. Washington Irving was nearly seventy years old before the income of his books

paid the expenses of his household. But we modern day folks think success, the getting to the top, the doing of the best, should be instant! When a lady told Wordsworth she had spent six hours on a poem, he replied that he would have spent six weeks. Thomas Carlyle wrote with the utmost difficulty and never executed a page of his great histories till he had consulted every known authority, so that every sentence is the quintessence of many books, the product of many hours of drudging research in the great libraries.

Michael Angelo worked seven years decorating the Sistine Chapel with his matchless "Creation" and the "Last Judgment" and then refused payment for his work. The outstanding American journalist Thurlow Weed walked five miles through the snow with ragged shoes around his feet for shoes so he could borrow the history of the French Revolution and then read it before a sap-bush fire.

There are no instant "greats" among the followers of the Galilean, either. It takes time—and hard work. It takes patience, and love, and devotion. It took years to build men like Paul, Augustine, Luther, Wesley, Graham.

The next time you meet one of these "instant greats", clip this out and give it to him. You will be doing him a favor, but more than that you will do us all a favor!

Final Plans Being Made for Opening Of Fair Monday

All business in connection with the 1968 West Texas Fair, opening Monday, Sept. 9, for six days is now being conducted in offices in the Livestock Building in the area of the judging arena at the Taylor County Agriculture and Livestock Center. Fair president Bob Morford announced Saturday.

Mrs. Mildred Smith, Fair secretary, moved into the Exposition Center office Saturday. Morford said.

Any matters pertaining to the 1968 Fair will be handled there. The telephone number is 677-3343. To get to the Fair office, vehicles may enter Gate 5.

Individuals and firms, who have contracted for commercial display space at the Fair, will begin next Friday getting

booths set up for the official opening at 10 a.m., Sept. 9. They must be ready at that time.

There are still a few commercial display spaces available in the exhibit buildings. Don Waddington, chairman of the Commercial Exhibits Committee stated Saturday.

Entries in the woman's department will close at 12 noon Saturday, Sept. 7, with judging that afternoon, according to Mrs. Schulz superintendent.

Entry totals in all divisions of the livestock department are below 1967 figures, according to Superintendent Scott.

The Bill Hames Carnival will arrive in Abilene Sunday morning, Sept. 8, for its date at the Fair. Chairman Conlan said.

Buster Brown, general manager, said the carnival's special free midway act would feature a trio of teenagers, known as "The Great Arturos." One rides a motorcycle on a 200-foot steel wire with two others performing on trapezes attached to and hanging below the cycle.

All special attractions for the free shows on the idway Stage have been arranged.

Among the first group due to arrive in Abilene will be the Goldiggers, the 12 singing and dancing girls who have appeared during the summer on the Dean Martin TV series. The girls are due Sunday, Sept. 8, after completing a two-day engagement at the Spencer (Iowa) Fair. The Goldiggers will be at the Fair for two shows, approximately at 7 and 9:30 p.m. each night during the week.

Also, Richard Hayman, sometime director of the Boston Pop Orchestra, and his band are due to arrive late Sunday or early Monday of Fair week.

Besides the Goldiggers and Hayman's orchestra Monday night, the 23 beautiful West Texas girls who are candidates for the title of Fair Sweetheart will be presented on the stage.

Tuesday and Wednesday nights, Jeannie C. Riley, lately of Anson, now of "Harper Valley PTA" fame will make her first "live" appearances before a West Texas audience since her sudden rise to fame with a Plantation Record recording.

Wednesday and Thursday nights the Inkspots will join the entertainers on the Midway Stage. Then Friday and Saturday nights the long-time Grand Ole Opry Favorite, Minnie Pearl, will take front stage center.

Also Friday night, Sept. 13, the Abilene Eagles open their football season in Shattell Stadium across the street from the Fair, with the Ysleta Belaire High team and Saturday night, in the same stadium, the Cooper Cougars open against the Brownwood Lions.

RECEIVES WHEELCHAIR -- P. N. Collins, a newly found patient by Muscular Dystrophy Associations of America, Inc., was presented with a wheelchair and lift by the District Director, Howard D. Wright. The chair was prescribed by Mr. Collins' doctor and was delivered August 24.

Muscular Dystrophy Group Presents Chair

The Abilene Area Chapter of the Muscular Dystrophy Associations of America, Inc., in complying with its broad patient service program, provided to P. N. Collins, 1048 S. E. Avenue B, Hamlin, a new wheelchair and patient lift which had been prescribed by

Mr. Collins' doctor.

The Muscular Dystrophy Associations of America, Inc., is presently servicing over 100 research grants throughout the world in an all out effort to discover the cause and of man's most dreaded diseases. Specifically listed are 21 various Muscular Dystrophies and related neuromuscular diseases which claim as victims over a million people.

Hamlin has three known victims, according to Howard D. Wright, District Director, MDAA. There is no known cure and no drugs or medication that will retard or stop the relentless process. Serious handicap and loss of productivity face each victim. The only hope is through research which will one day find the cause and cure, he added.

Guests in the home of Mr. and Mrs. L. J. Starr for the Oak Grove Dedication were Mr. Starr's mother, Mrs. Mary Jane Starr of Gilmer, and his brother and his wife, Mr. and Mrs. Jacob Starr of Kansas City, Mo.

Vehicle Inspection Period Opens Sept. 1

AUTIN -- The 1969 vehicle inspection period began today in Texas according to Colonel Wilson E. (Pat) Speir, acting director of the Texas Department of Public Safety.

"More than six-million vehicles are expected to receive the compulsory inspection prior to the April 15, 1969 deadline," Speir said. Inspections may be performed at any of the almost 5,500 vehicle inspection stations in Texas, each of which displays the official vehicle inspection station sign. Texas law requires inspection of the brakes, lighting equipment, horns and warning devices, mirrors, windshield wipers, front seat belts in vehicles where seat belt anchorages were part of the manufacturer's original equipment (not to include removal of the wheel from the vehicle) on all motor vehicles registered in the state. Special inspection provisions apply to trailer, semi-trailers, pole trailers or mobile homes having a loaded gross weight in excess of 4,000 pounds.

The minimum fee is \$1.75. This does not include the cost of repairs or adjustments necessary to enable the vehicle to pass inspection.

Speir said the new vehicle inspection sticker will be a two and one-half inch square replica of a DPS patrolman's badge with red background.

Neinda Philosopher Says It's Too Bad Both Conventions Ran A Little Short On Barbwire

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One reports on last week's convention.

Dear editor:

Last week during the Democratic National Convention a friend asked me to come over to his house and watch the show in color — my set is black and white when it's functioning and mostly snow the rest of the time, which is confusing because half the

time the fun is in watching the delegates read newspapers or walk around since most of the speeches are the same anyway — and the first thing I noticed when I settled down in front of the set was that the speaker on the platform was wearing a blue shirt.

"Blue shirt?" I asked. "How come?" I figured it was only natural to wear a white shirt at funerals, weddings and political conventions.

"Oh, this is color television," it was explained. "White shirts don't show up too good in color."

I got to looking closer and sure enough, practically all the men had on blue shirts.

What I'm wondering now is, as more and more people get color T. V., will they paint the White House blue, and what'll they do in the winter time about photographing a snow scene?

Another thing that impressed me about the Chicago convention, the same as the one

in Miami Beach, was the fact they ran out of barbwire.

They had enough to go around the convention hall on the outside, but if they'd had more they could have run it down each side of the aisles, say about seven strands high, to fence the delegates in. It's the only way I see they'll ever keep the aisles clear. I don't know where the convention people, both Democratic and Republican, get their sergeants-at-arms, but I've never seen one yet that could clear the aisles, makes no difference how many times an hour the chairman orders them to.

If I'd known they had a shortage of wire I could have sent them some of mine. It's rusty and spliced in several places, but they'd been welcome to it, although I wouldn't have taken the job of stringing it. I'm not sure anybody can build a fence strong enough to turn a delegate.

Yours faithfully,

J. A.

Hunting Safety Stressed

Safety is the most important factor to remember in the upcoming hunting season, says Wallace Klussmann, Extension wildlife conservation specialist at Texas A & M University. Nearly all hunting accidents could be prevented if gun safety rules are followed.

It's the "over-anxious hunter who endangers the lives of fellow hunters and causes needless damage to wildlife. Approximately two-thirds of all hunting accidents are caused by humans in the line of fire, humans mistaken for animals and hunters not using the safety catch on their guns.

Hunting only in season and respecting the bag limits are rules of good hunting, sportsmanship, says the specialist. Also never throw away a lighted cigarette or leave a burning campfire, since either can start a destructive grass or forest fire.

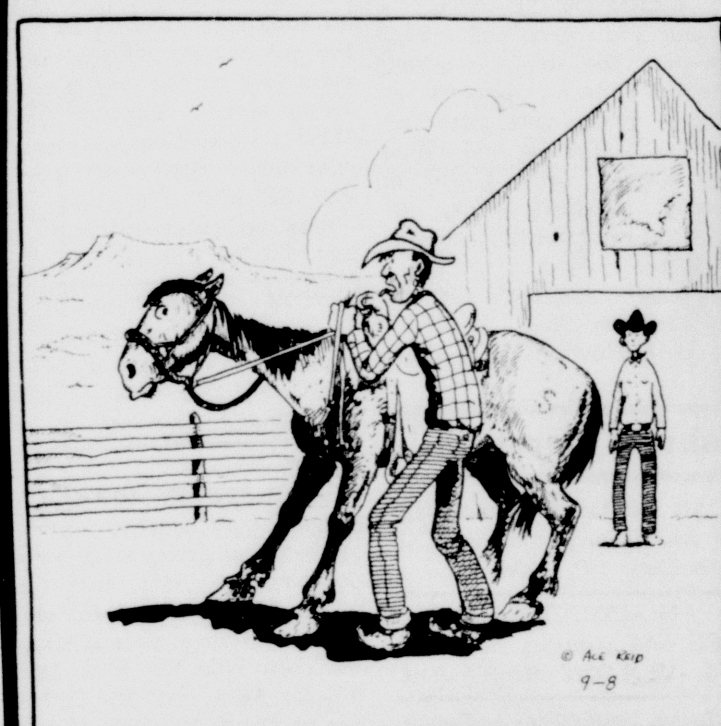

Another good rule to remember is to respect the rights of others and to obtain permission before going onto another's property, says Klussmann. Treat all property as if it were your own and don't litter the countryside.

One of the most important rules, but one that is often neglected, is to handle every gun as if it were loaded. Never carry a loaded weapon in an automobile and be sure the action and barrel are clear of any restriction.

In conclusion, always be sure of your target as you would want your fellow hunter to be, says the specialist.

HAVE YOU TRIED BONNIE'S HOMEMADE CHILI?

SERVED ON OUR DELICIOUS HOT DOGS, CHILI BUNS AND CORN CHIP PIES

Tips On High Quality Hay Production Given

COLLEGE STATION — There is still time to get high quality hay cuttings this season but producers should follow some recommended guidelines to get best results.

Dr. J. Neal Pratt, Extension agronomist with Texas A & M University, says.

The proper stage of growth for harvest is the time when the greatest amount of total digestible nutrients per acre may be obtained. This usually means the best compromise between quality and quantity, he continues.

Generally, the younger the crop at the time of harvest, the higher the quality. The more mature the crop at harvest, the lower the quality.

To achieve this balance between quality and quantity in

hay, it is best to cut coastal and common bermudagrass after about four weeks of growth. Native grasses, sudan hybrids and Johnsongrass should be cut before seed heads appear and legumes should usually be cut during the early bloom state, the specialist points out.

In only one week after the cutoff point for harvesting, hay can lose 15-20 percent of its palatability. And with many producers selling their hay on quality basis, cutting and baling at the right stage can mean about \$20 more per acre.

To get more cuttings of high quality before frost, the producer should cut his mature, less nutritious hay now and fertilize heavily to get more cuttings. The extra amount of added fertilizer will make up the difference from the earlier forage production where the soil nutrients have been depleted, Pratt concludes.

Dealer to View New Chryslers, Plymouths Today

On September 5, Chrysler-Plymouth dealers of Hamlin will get their first look at the new lines of 1969 Plymouths, Chryslers and Imperials at a preview meeting at Dallas.

The showing is one of 21 being held in various parts of the country for dealers and their sales staffs. They will inspect the new models following a closed-circuit, simultaneously televised business meeting for dealers and salesmen which will originate in New York.

Glenn E. White, general manager of Chrysler-Plymouth Division, will head a panel of executives who will discuss the 1969 automobiles and promotional plans to continue the sales momentum which made 1968 a record year for the division. The new models go on sale September 19.

Invited to the preview are sales and management personnel from Prewitt Motors

Grand Ol' Opera Show Set Tonight In Aspermont

The Aspermont Luncheon Club will host the Grand Ol' Opera Show in the Aspermont School Auditorium. Show time will be tonight (Thursday) at 8 p.m.

The show will feature Don Fowler, formerly of Jayton and his band, The Haymakers, and Miss Jackie Burns, who has recently signed a contract with Capital Records.

The Luncheon Club proclaims this as entertainment for the entire family. Admission will be \$1.50 for adults and 75 cents for children.

These musicians have appeared with such artists as Johnny Cash, Marty Robbins, Porter Waggoner, Connie Smith, Billy Walker and Tex Ritter.

Last spring they decided to form a troupe of their own and have been on tour almost continually. They only take time out to make appearances on the Grand Ol' Opera in Nashville, Tenn.

The leader of the group has a twin brother, John Fowler, living in Aspermont, and his parents live in Jayton.

Proceeds from the show will be used by the Aspermont Luncheon Club for improvements in Aspermont.

Call your news to the Herald.

YEARS AGO

51 Years Ago—

(Friday, Sept. 7, 1917) (1918 Files Missing)
North Central Avenue so long in need of work is now receiving attention.

J. L. Prowell with a big plow and six head of fine mules has been at work on that stretch of street for the past week. The entire gravel pike-way has been plowed down and a new grade will be built. This time not so narrow and steep. The side drains will be worked so as to permit quicker and better drainage. Every much traveled street in town needs a gentle grade thrown up and the side drains kept free from weeds and trash.

The school bell has peeled forth again for work and over 400 Hamlin children have answered the roll call.

The request of Governor Ferguson that the people of Texas allow the Senate to pass upon the matter of sustaining the impeachment charges of the legislature without being influenced by outside pressure is but fair. The Governor has been indicted by the lower house upon 21 charges and he should be allowed a fair and impartial trial. It is the right of every man and the newspapers and citizens of Texas should allow the Senate to render its verdict without seeking to influence any member of the high court. — Abilene Reporter.

Plainview, Tex. Sept. 3. — Plainview is to have a beet sugar factory costing more than a half million dollars, and every effort will be made to have it completed to manufacture the 1918 crop of beets to be grown in the Plainview shallow water irrigation district.

Mr. J. Van Steenwyk of the Hamlin Mill & Elevator Co. returned the last of last week from a trip to points in Oklahoma where he has a quantity of good seed wheat located. There was no opportunity to buy at the time as the government had not yet fixed the price on the 1917 crop and neither farmers or dealers were inclined to make prices. He will however close the deal as soon as prices are decided on.

Neinda School will open September 6th. The books will be issued Monday morning at 9:45. Regular classes will begin Tuesday.

Congressman Sam Russell will be in Hamlin this Friday night and will address a mass meeting of citizens at the high school auditorium at 8:45 o'clock. Mr. Russell will appreciate an auditorium full.

(Sept. 4, 1958)

The Texas Highway Commission issued call for bids on two projects that total 9,444 miles of farm-to-market roads, and a major construction project — relocating and widening of Highway 92 from Hamlin to Stamford — is scheduled for bids within a few days, according to Nelson Shave, resident Texas Highway Department engineer at Hamlin.

Hamlin High School's Pied Piper football crew gets off to an early start of the grid season Friday night when the boys journey to Eastland for the first game.

This is the first game with the Eastland gridders in many years, the tilt replacing the game usually played against Post.

About 10 hours after Hamlin community's first bale of 1958 was placed on display last Thursday afternoon in front of the Farmers & Merchants National Bank, the bale was set afire by unknown parties. Discovered about 1:00 o'clock Friday morning by Nightwatchman Jack Pylon, the fire did an estimated \$50 damage to the cotton.

Believed to have been set by malicious prowlers, similar in pattern to more than 40 other fires reported in the last 90 days in the Hamlin area, the fire was smothered by members of the Hamlin Volunteer Fire Department after several hours of burning.

Probably 80 per cent of the maize crop in the Hamlin section has been harvested, grain buyers and others declared this week, as loads of the grain continued to dribble into buying stations.

Some late planted maize, hegari and other head grain will continue to be harvested along for several weeks.

Quality of the maize has been fair, and yield has been below normal because of the lack of needed rains during the heading and developing period of the grain. Some rains 60 days ago would have doubled or tripled the yield, farmers, believe, since prospects for a bumper crop early in the season were among the brightest in the history of the section.

Announcements are out that the daughters of Mr. and Mrs. Bowen Pope will sponsor an open house reception honoring their parents on Sunday, September 7, at the residence on Northwest Avenue B from 3:00 until 6:00 p.m. marking the fiftieth anniversary of their marriage.

Mr. and Mrs. Pope have resided in Hamlin since early in 1914, when he became owner and publisher of The Hamlin Herald. Both Mr. and Mrs. Pope were actively engaged in the newspaper work for nearly 32 years.

The pioneers have lived at the same place, corner of Northwest Avenue B and Second Street, about 41 years, and in Hamlin for more than 44 years.

THE KEYNOTE SPEECH

Senator Daniel K. Inouye, keynote speaker at the Democratic National Convention, called upon all Americans to unite. He asked Americans to reject violence and anarchy and to continue to expand programs started during the Johnson Administration.

Out of town guests at the Oak Grove Dedication included many ex-members, Mrs. Gertrude Wells and daughter, Mrs. Ruth Sorrels of Amarillo; Mrs. Clementine Brown, Mrs. Georgia Gentry and Mrs. Queen Ester Butler, all of Dallas; Mr. and Mrs. Douglas Johnson of Fresno, Calif.; and Mr. and Mrs. John Mayfield of Odessa.

NEWS FROM . . .

Old Glory

By JUDY WHITE

The annual Rinn Reunion was held in the Sons of Herman Hall here last Saturday. Four of the children of the late Mr. and Mrs. Henry Rinn were able to attend the reunion this year. They were: Mrs. Oscar Vanderworth of Old Glory, Mrs. John Wendeborn of Stamford, Herbert Rinn of Rule and Alton Rinn of Austin. One of the brothers, Alfred of Stamford, was unable to attend because he was ill and is a patient in the Hamlin Hospital. Another brother, Elmer Rinn, who lives in Oklahoma, also did not attend. Others who attended were families of above, their children and their families, also a group of cousins from Austin and Tom Green Counties.

Word has been received of the death of Mrs. M. Shatto, Aug. 5. Mrs. Shatto taught math in Old Glory High School in 1957-59 while her husband was pastor at St. Paul's Lutheran Church in Sagerton. She will be remembered with affection by her many friends and former students. Her passing was due to a heart attack at her home in Ontario, Canada.

Friends of Army Sgt. Glenn Dale (Shorty) Baumbach learned last week that he had been wounded in Vietnam. Shorty was a student at Old Glory School before moving to Paint Creek with his parents several years ago.

According to his father, Otto Baumbach, the family received information indicating the boy had received severe wounds in the stomach, chest and eyes, and that both hands had been amputated.

About 200 people gathered in the Old Glory School cafeteria Saturday evening to honor Charlie Letz, who retired last June 30, after serving the Old Glory community as Rural Mail carrier for 44 years.

The crowd enjoyed a basket lunch served by the ladies attending. A short program afterward featured Herbert Rinn of Rule as principle speaker. Mr. Rinn, formerly postmaster at Old Glory and

now employed by the Rule post office, was associated with Mr. Letz in his work for more than 20 years.

Two plaques were awarded Mr. Letz for outstanding service, one was given by the circulation department of the Abilene Reporter-News, the other by Ford Motor Company was presented by J. K. Veazey of Aspermont.

The final gift awarded Mr. and Mrs. Letz was a colored T. V. bought through contributions of patrons and former patrons along the rural route Mr. Letz served, also their children and other relatives and friends.

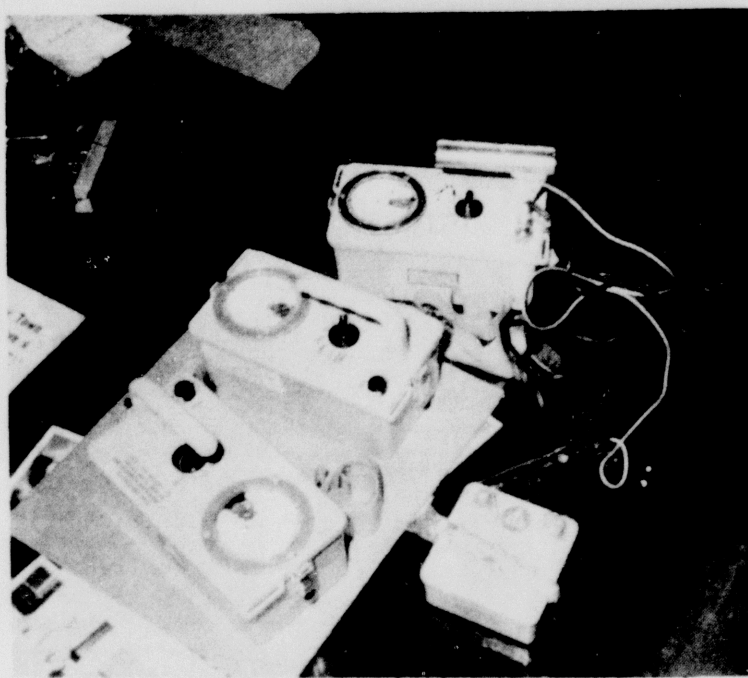

All of Mr. and Mrs. Letz's children and their families were present. They are Mrs. O. D. Vanderworth of Denver, Colo., Mrs. Jerry Calicoate of Monahans, Roger Letz of Fort Worth and Thomas Letz of Graham.

Dinner guests in the home of Mr. and Mrs. Adelbert Suter last Wednesday were Mr. and Mrs. Louis Helm of Burton, Mr. and Mrs. Otto Koch, wife of Lissie, Texas. Also Mrs. Suter's brother, Otto Lehmann of Sagerton. Mr. Helm and Mrs. Koch are brother and sister and are cousins to Mrs. Suter. The Suter's grandson, Jerry McCowan of Knox City, has also been here spending several days with them.

Mr. and Mrs. W. O. Macon of Rule visited in the home of Mr. and Mrs. Lynn Flowers last Monday. They had just returned from Irving where they attended the wedding of their son, Carrol Reece Macon, to Phyllis Jean Bounds last Friday.

Mr. and Mrs. Sam Appleton of Tulsa stopped here a few hours last week with Mr. and Mrs. B. R. Johnson. They were on their way to Abilene to visit in the home of their son, Dr. Timothy Appleton and their daughter's family, the Jim Batsons. Mr. Appleton was superintendent of Old Glory School about thirty years ago.

On Tuesday of last week Mrs. Lynn Flowers met three of her sisters, Mrs. James Overton, Mrs. W. H. Hargrove

NEW CIVIL DEFENSE EQUIPMENT -- Four CDV 777 Radiological Monitoring Kits have been received at the City of Hamlin Civil Defense Service. Each kit, as shown, will be maintained at four designated fallout monitoring stations.

Local Civil Defense Gets Monitoring Kits

The City of Hamlin Civil Defense Service has received four CDV 777 Radiological Monitoring Kits, says Police Chief Bryan Wasson.

The kits consist of two dosimeters, instruments for measuring the total accumulated radiation dose that an individual has received.

Also included is one dosimeter charger, one CDV 700 radiation survey meter, and two CDV 715 survey meters. The CDV 700 is a sensitive low-range instrument that can measure gamma radiation

and detect beta radiation. It is used, says Chief Wasson for monitoring of personnel, food, and water, areas of human habitation and food production. The CDV 715 is a high range gamma survey meter for general post-attack operational use.

The four kits, furnished by the Texas State Department of Health, will be maintained at four designated fallout monitoring stations. They are: The police station, City pump station, Moore Elevator and the Jerry Pritchard residence.

South African Missionary To Speak Sunday Morning

Miss Nita Clegg, missionary to Swaziland, South Africa, is on furlough and will be in Hamlin Sunday for the morning worship service at 10:45.

Miss Clegg's home was in Rotan before she entered the mission field.

This is her second furlough since being assigned to South Africa in 1956.

She attended Bethany Nazarene College, Bethany, Oklahoma, where she received a bachelor of arts degree in religion. Other schools include Samaritan Hospital School of Nursing and Northwest Nazarene College in Nampa,

Idaho, where she received her bachelor of arts degree in nursing.

She will feature the work of the Church of the Nazarene in her field. She has nursed in the hospital in Manzini, Swaziland, and for one year was in charge of the African working girls' home. For one year she was in charge of the Nurses' home and has worked with the youth in youth societies, Sunday School and youth camps.

Everyone is cordially invited to attend. Rev. Marshall Stewart is pastor.
